ABSTRACT

ROHMAH, ZULFA HIDAYATUR, 2021. *An Analysis on Figurative Language in Hais J's Song Lyrics in the album "Salam"*. Thesis, English Education Department, Tarbiyah and Teacher Training Faculty, State Institute of Islamic Studies Ponorogo, Advisor Dra. Aries Fitriani, M.Pd.

Keywords: Figurative Language, Haris J, Song Lyric, Value.

Songs are one of the ways a writer or singer can convey a message to readers or listeners. In song writing, the creator uses a lot of figurative words to beautify the song. The researcher was interested in analyzing the figurative language used in Haris J's several songs. In English religious pop songs, Haris J is one of the young singers who is familiar to the ears of religious music lovers, especially young people. The songs are Islamic but now, makes this album hit not only in his country, but also in other countries with many Muslim populations like Indonesia.

The purpose of this study is to determine: 1. Types of figurative language used in Haris Jung's songs in the album "Salam", 2. The dominant type of figurative language used in Haris Jung's songs, and 3. Values which is contained in the songs of Haris Jung's album "Salam".

This research used qualitative literature research. Data collection techniques were observation by searching for video album songs on the youtube channel of recording revival, transcription of 12 song lyrics in the album, observing and recording the results of figurative expressions contained in the song, cross tabulation of all figurative expressions found in the lyrics. Those found in the song, cross-tabulating all the figurative expressions found in the lyrics, describing and explaining the figurative expressions found in the lyrics, validating the analysis and reporting and presenting the results of the data analysis.

The results of this study found that there are four types of figurative language used in Haris Jung's "Salam" album. They are similes, metaphors, personifications, and hyperbole. As a result, personification is the dominant type of figurative language used most often in Haris Jung's "Salam" album. Haris Jung's song lyrics on the album "Salam"

contain good values. It contains da'wah about peace, love and struggle in this life to achieve real life in the hereafter.

CHAPTER I

INTRODUCTION

This chapter presents about background of the study, statement of the problem, objectives of the study, significances of the study, previous research findings, research methods. The writer clarifies every discussion clearly.

A. Background of the Study

Living in this world, humans certainly have needs. These needs can be physically or spiritually. To meet their needs, humans need the help of others because they are social creatures. As social beings, humans need good communication with other people to get the needs they want. Communication is carried out to exchange information or send messages to the recipient. As defined by G.G Brown that Communication is the transfer of information from one person to another, whether or not it elicits confidence; but the information transferred must be understandable to the receiver.¹

As aforementioned, communication is a process of exchanging information, ideas, thoughts, feelings and emotions through speech, signals, writing, or behavior. In communication process, a sender (encoder) encodes a message and then using a medium/channel sends it to the receiver (decoder) who decodes the message and after processing the information, sends back appropriate feedback/reply using a medium/channel. People communicate with each other in a number of ways that depend upon the message and its context in which it is being sent. Choice of communication channel and your style of communicating also affect communication.²

There are two types of communication, they are verbal and nonverbal. Verbal communication is conveyed by oral or written text. Oral communication can be conveyed

¹ Tabitha Wangare Wambui, et al., *Communication skills vol.1 student course book* (Germany: LAP LAMBERT Academic Publishing, 2012), 1.

² *Ibid*, 2.

through face to face, telephone calls, through radio board casting, or even by Televisions board casting. The written communication can be conveyed through letters, newspapers, poetry, song lyrics or others. According to Tabitha and friends, "In verbal communication always remember the acronym KISS - keep it short and simple."³ While nonverbal communication can be conveyed through body movements or even facial expressions. According to McConnell, (2003), nonverbal communication is behavior, other than spoken or written communication, that creates or represents meaning. In other words, it includes facial expressions, body movements, and gestures. Nonverbal communication is talking without speaking a word. It is very effective, maybe even more so than speech. As the saying goes, "actions speak louder than words".⁴

So that information or messages can be conveyed precisely and in accordance with the wishes of the conveyor, it is necessary to use the right language as well. Language is a tool used to convey information in communication. According to Julie and Deborah "Language is foremost a means of communication, and communication almost always takes place within some sort of social context. This is why effective communication requires an understanding and recognition of the connections between a language and the people who use it."⁵

Researcher find people sometimes have misunderstandings about the meaning of some lyrics when they listen to music. This happens because the language used in the song not only has an explicit meaning, but there is also implied meaning or we can call them by figurative language. The figurative language is used to give a beautiful impression to the listener so that they will be interested in listening to music for it contains artistic elements. According to Gautam (2014) points out, "A figure of speech is

a way of saying something other than the literal way. It adds extra dimensions to language and reveals one thing by relating it to something else”.⁶

There are various figures of speech are as follows. According to Richard E. Mezo (1999), figures of speech is divided into three classes. The first is figurative comparison, the second one is figurative substitution, and the third one is figurative exaggeration.⁷

In English religious pop songs, Haris J is one of the young singers who is familiar to the ears of religious music lovers, especially young people. His English songs also contain some figurative languages which sometimes make the listeners, especially nonnative speakers do not understand the meaning or message contained in the song. But if the lyrics are properly understood, the songs contain a deep message about religion. As in the “salam alaikum” song on the “salam” album that reminds us to always spread greetings on the earth, which it means that Islam teaches the followers to be humble, and one of the ways is by saying salam whenever they meet each other or our muslim brothers. The author chose “Salam” album by Haris J for many of his songs become favorable and hits among Muslims, especially young people. The songs are Islamic but now, makes this album hit not only in his country, but also in other countries with many Muslim populations like Indonesia. Besides that, there are also many moral messages about Islamic religion that he delivered in his other songs. Therefore these songs are suitable for use in the world of education.

2. What is the dominant type of figurative language in Haris J's song lyrics in the album "Salam"?
3. What are the values found in Haris J's song lyrics in the album "Salam"?

C. Objective of the Study

In relation with the formulation of the problem, the purpose of this study is to find:

1. The types of figurative language used in Haris J's song lyrics in the album "Salam".
2. The dominant types of figurative language in Haris J's song lyrics in the album "Salam".
3. The values found in Haris J's song lyrics in the album "Salam".

D. Significances of the Study

This study is expected to make valuable contributions which are presented as follows:

1. Theoretically

- a. This research is beneficial to enlarge theory especially the form of figurative language.
- b. This study is also useful for further references for those who are interested in conducting a research on figurative language.

2. Practically

- a. This research is beneficial to enlarge theory especially the form of figurative language.
- b. This study is also useful for further references for those who are interested in conducting a research on figurative language.

E. Previous Research Findings

There are several studies that have been done previously by some writers that are relevant to this study. Qurrotul 'Ain on her thesis "An Analysis of Figurative Language in the Song Lyrics by Maher Zain". She had graduated in 2013 at English Department of Tarbiyah Faculty of Syekh Nurjati State Institute for Islamic Studies Cirebon. Her research concentrated on the types of figurative language that used in Maher Zain's songs, and found out the most dominant figurative language in Maher Zain's songs. In her thesis, the writer used qualitative research because she wanted to analyze which of the kinds of figurative languages that often used in "Thank You Allah" first Album by Maher Zain.

The results of the research the authors found figurative language in Maher Zain's song lyrics are, Personification, Metaphor, Simile, Alliteration, Irony, Litotes, Euphemism, Parallelism, Antithesis, Hyperbole, and Synecdoche. And the figurative language used predominantly in several songs is Hyperbole.

After studying a thesis written by Qurratul 'Ain, the author is interested in analyzing the figurative language in other songs. However in this study, the author chooses "Salam" Album by Haris Jung because the author is curious with the content and messages of his hits Islamic religious pop songs which are much favored by young Muslims.

Khadijah Arafah on her thesis "Figurative Language Analysis in Five John Legend's Song". She had graduated in 2016 at English Letters and Language

Department Faculty of Humanities, Maulana Malik Ibrahim States Islamic University of Malang. Khadijah's research explained about the kinds of figurative language contained in Five John Legend's Song. Not only discuss about the kinds of figurative language in the songs, but this research also discuss about the meaning of the figurative that consist in Five John Legend's song. The method used in the writing of her thesis is the research literature with reference to descriptive qualitative research which is relevant to the topic discussed.

The result of Khadijah Arafah's research is that the figurative languages that are used in John Legend song lyrics are personification, metaphor, simile, paradox, oxymoron, repetition, hyperbole, litotes, and symbol. The most dominant of figurative languages that are found in this research is hyperbole.

After adding references by understanding Khadijah Arafah's thesis, then the researcher discusses not only the kinds of figurative language that are used in Haris Jung's songs, but also the most dominant of figurative languages that are used at the songs in Haris Jung's song on "salam" album.

The third previous study is from a thesis which is written by Minhatul Maula who is graduated from English Education Department of Tarbiyah Faculty of Syekh Nurjati State Institute for Islamic Studies (IAIN) Cirebon in 2013. The title of her thesis is "An Analysis of Figurative Language on the Poems Entitled "Classic Poetry Series" by William Blake". Her research concentrated about the types of figurative language are used in the poems of William Blake, the most figurative language is found in the poems of William Blake, and The messages are expressed by the meaning of figurative language in William Blake's poems. In her research, Minhatul Maula used Qualitative method for a poem can be called is abstract or concrete, and to analysis it, have to uses the qualitative method with steps read the poem intensively.

The result of Minhatul Maula's research that the figurative language that are used in the poems entitles "Classic Poetry Series" by William Blake are hyperbole, litotes, metaphor, metonymy, paradox, pun and simile. While at the conclusion, the most figurative used in this poem is hyperbole. Then the message that can be taken from the lines of the poem is that people should not compare our situation with the others, and be little themselves, because everyone is same, the different is the character of our God.

The thing that differ between Mihnatul Maula's thesis and the author's is that Mihnatul Maula analyzed the figurative languages and the most figurative languages that are used in William Blake poems with the title "Classic Poetry Series", while in this study the author analyze the figurative languages and the most figurative languages that are used in Haris Jung's songs in "Salam" album. Then the same thing here, both of Minhatul Maula and the author also concentrated about the values or messages that are conclude in each study.

F. Research Methods

1. Research Approach

This research applied a qualitative research in the first model. The qualitative research is concerned in qualitative phenomenon relating to or involving quality or kind.⁸ Mackey and Gass explain in brief definition that qualitative research can be taken to refer to research that is based on descriptive data that does not make (regular) use of statistical procedures.⁹

⁸ C.R , Kothari, *Research Methodology: Methods and Teachiques* (Second Revised Edition) (New Delhi: New Age International Publishers, 2004), 3.

⁹ Alison Mackey and Susan M. Gass, *Second Language Research: Methodology and Design* (London: Lawrence Erlbaum Associates Publishers, 2005), 162.

In this research, the researcher used a qualitative method because the researcher wanted to analyze the type of figure of speech which is often used in the song lyrics. In this case the researcher investigated the lyrics of “Salam” first album by Haris J.

Qualitative research is a study of the research is descriptive and tends to use inductive analysis approach. Process and meaning (subject perspective) more highlighted in qualitative research. The foundation of the theory is used as a guide to focus the research in accordance with the facts on the ground. In addition, the theoretical basis is also useful to provide an overview of the background of the research and as a discussion of research results. There is a fundamental difference between the roles of theoretical grounding in quantitative research with qualitative research. In quantitative research, the study departs from theory to data, and end on the acceptance or rejection of the theory used, whereas in qualitative research investigators proceed from data, utilizing existing theories as explanatory materials, and end up with a "theory".

“Qualitative studies are a distinctive type of research in education and the social sciences that can produce vivid and richly detailed accounts of human experience. These studies are based on social reality from that which underlies the standard quantitative approach to the study of education. One chooses a qualitative design, because it is the appropriate method for investigating the problem.” (Ary, Jacobs, Razavieh and Sorensen: 2006: 485) The advantages of doing qualitative research on leadership include these are : flexibility to follow unexpected ideas during research and explore processes effectively, sensitivity to contextual factors, ability to study symbolic dimensions and social meaning, increased opportunities to develop empirically supported new ideas and theories; for in-depth and longitudinal exploration leadership phenomena; and more relevance and interest for practitioners.

From the previous assumption, it is concluded that qualitative research is appropriate in presenting, analyzing, and finding the data. The researcher explains and

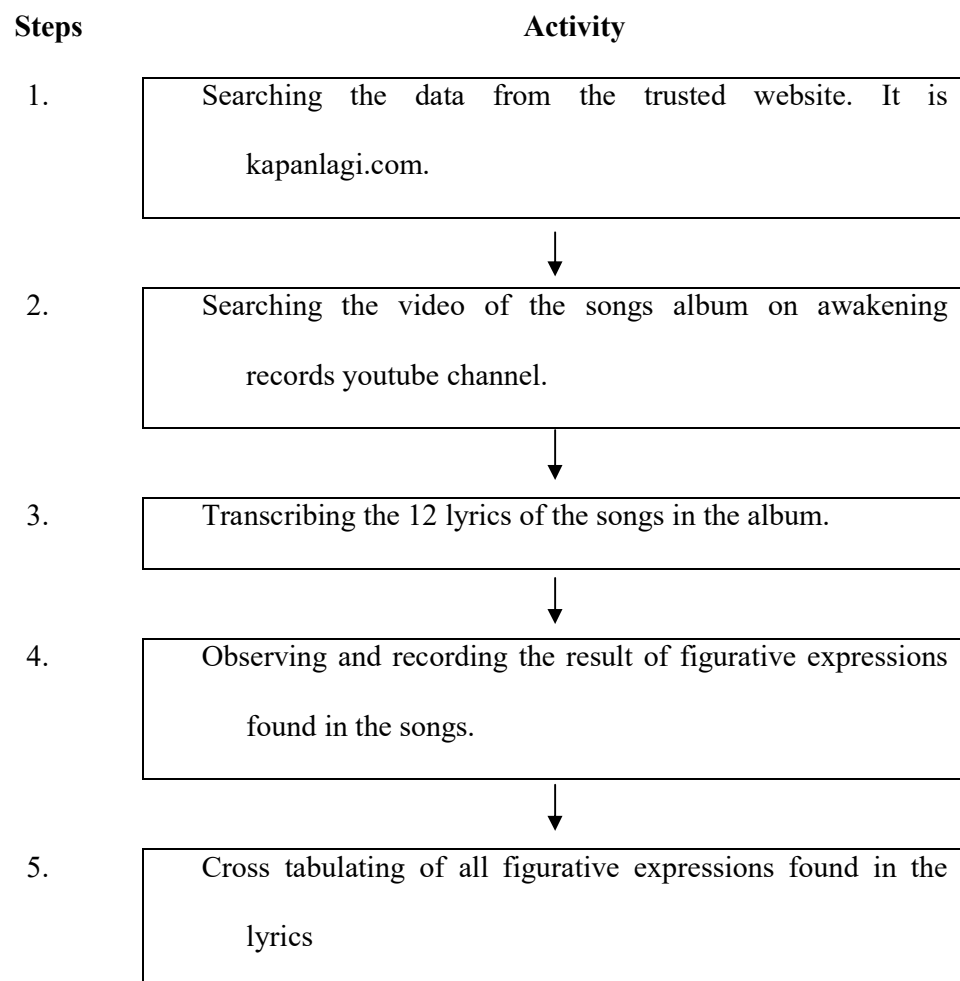

describes the data more detailed and accurate. Some descriptive quantification, however, is used to examine tendencies. The research used qualitative research.

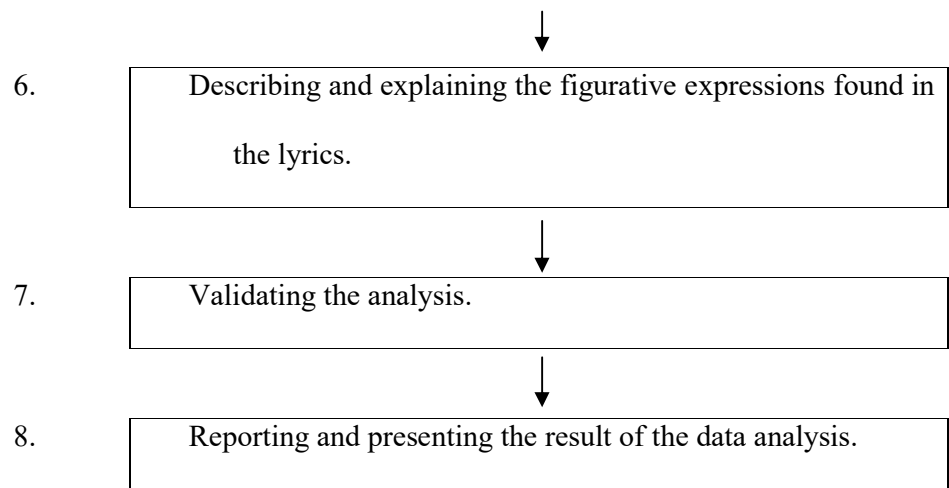

2. Data Source

In this study, the researcher focused on the analyzing of Haris Jung's song in "Salam" album. The researcher took these songs as the data source. The researcher searched the data from kapanlagi.com. While the video album was downloaded from youtube on awakening records channel.

3. Data Collection Procedure

The data was collected from the lyrics of Haris Jung's songs that are found from website.

4. Data Analysis Technique

This part explains how the song lyrics in this study were being analyzed. The first step the researcher did is creating an index based on the theories explained in previous chapter. Secondly, the researcher categorized the types of figurative language that is dominant in Haris Jung's "Salam" album. This process is called coding. In order to make the categorization clearly, the researcher made a table 1.1.

Title of song :.....	Si	Me	P	My	Sy	H	L

Table 1.1 As an observation sheet in categorizing figurative language of each song in the album “Salam”.

Abbreviations:

Si	: Simile	Sy	: Synecdoche

After categorizing all the song lyrics, the researcher made a table 1.2 to categorize the total number of figurative language types in order to find out the results or the figurative language that is mostly used in the album "Salam".

CHAPTER II

THEORETICAL FOUNDATION

This chapter shows the discussions about figurative language, song lyrics, Haris J and value. The writer clarifies the every discussion clearly.

A. Figurative Language

1. The Definition of Figurative Language

Figurative language is the use of a word or sentence in another way that is used to express a message to a listener with a different meaning from the literal meaning. In some literary works, the use of figurative language provides colorful creations that can make the readers or listeners interested in reading or listening to the work. According to Gautam (2014) points out, “A figure of speech is a way of saying something other than the literal way. It adds extra dimensions to language and reveals one thing by relating it to something else”.¹⁰ Figurative language was thought of as being one aspect of what gives a text – in particular, a poetic text – special esthetic value Shakespeare, in saying, *Shall I compare thee to a summer’s day?* (Sonnet 18), conveyed his message more beautifully than if he had literally talked about the subject’s personal qualities, such as kindness, charm, and beauty.¹¹

Figures of speech are used in creating imagination by comparing two or more different things (Wales, 2001: 176).¹² In using figurative language at some literary works such as poetry and song, the writer or singer can deliver indirect message to

the readers or listeners. As the result, the language becomes connotative. Its connotation is the range of secondary or associated significations and feelings which it commonly suggests or implies.¹³

2. The Types of Figurative Language

According to Richard E. Mezo (1999), figures of speech are divided into three classes. The first is figurative comparison, the second one is figurative substitution, and the third is figurative exaggeration.¹⁴

a. Comparison

In comparison consists of three kinds of figures of speech. They are simile, metaphor, and personification.

1). Simile

According to Richard E. Mezo (1999), a simile is an “indirect” comparison between two different things using the word “like” or “as” or an equivalent term. (\underline{x} is like \underline{y}).¹⁵ By using similes, the literary works can become alive and powerful. Similes are also can be used in everyday conversation, they can be used to convey meaning quickly and effectively. The example is “shine bright like a diamond” in diamond song lyrics by Rihanna. Literally or denotative meaning of “shine bright” is sparkling vividly or clearly. While in connotative meaning, it is beautiful or brilliant. The aim of this lyric is to give positive energy or to motivate someone to move on, so then he or she will reach her or his achievement

¹⁵ *ibid*

brightly like a diamond. At the result, his achievement is similar as a diamond. Then people would not see him by one eye.

2). Metaphor

According to Richard E. Mezo (1999), a metaphor is a “direct” comparison, explicit or implicit, between two different things. (x is y ; $x=y$).¹⁶ Metaphor directly refers one thing by mentioning another thing. The example is “you are my cup of tea”. Whereas when we reverse the sentence, my cup of tea is you.

3). Personification

According to Richard E. Mezo (1999), a personification is a comparison of something not human (abstract or concrete) to a human being. (x is human being). It gives something nonhuman the characteristics of attributes of human.¹⁷ Personification is a figure of speech when any inhuman objects are given human qualities and attributes to achieve dramatic effects (Kennedy, 1979: 495).¹⁸ The example is “The thunderbolt rages to see the actions of the human children”. “Thunderbolt” is nonliving thing that uses “Rages” which is a verb or an attribute for living thing like animal or human being. As well as “see”, that it includes attributes for living things that are used by inanimate or nonliving thing objects.

¹⁸ Winnie, Akun, “The Study of Figurative Languages Using Stylistic Theory In What My Mother Doesn’t Know By Sonya Sones”, *Jurnal Lingua Kultura*, vol.2. No. 2 (November: 2008), 160.

b. Substitution

In substitution consists of two kinds of figures of speech. They are metonymy and synecdoche.

1). Metonymy

According to Richard E. Mezo (1999), a metonymy is the substitution of some word or term closely related to or associated with the literal word or term meant. (y is substituted for x).¹⁹ The example is a bottle or a glass of mineral water in Indonesia commonly is called with “Aqua” which is actually it is a mark among mineral water marks here. This happens because this brand has been here for a long time so that people are indoctrinated to even call other brands as "Aqua".

2). Synecdoche

According to Richard E. Mezo (1999), a synecdoche is the substitution of the part for the whole, the whole for the part, a species for a genus (or vice versa), an individual for a class, or material for the thing (part is substituted for whole; whole is substituted for part). The second element or the pair is the literal word or term.²⁰ For example is “The victim reports the suspect to the authorities”. The meaning of “authorities” here is police. This happens because the name for the police is an authorized party. They are obliged to solve the crime problem as in the example.

¹⁹ Mezo E. Richard, “Fire i’ the Blood” A Handbook of Figurative Language (USA: uPUBLISH.com, 1999), 2.

²⁰ *ibid*

c. Exaggeration

In exaggeration consists of two kinds of figures of speech. They are hyperbole and litotes.

1). Hyperbole

According to Richard E. Mezo (1999), hyperbole is an overstatement of the literal-an exaggeration. ($\underline{s} > \underline{x}$). According to Gorys Keraf in the book entitled diction and style (2001: 135), hyperbole is a figure of speech that contains an exaggeration, by exaggerating something or discussed style containing an overstatement.²¹ Overstatement or hyperbole is an outrageous exaggeration of an object's attribute used to magnify a fact or emotion to make an emphasis of its importance. It is the same like all figures of speech. It is made by various effects such as humor or grave, fanciful or restrained, convincing or unconvincing (Arp, 1984: 102).²² Hyperbole is used to maximize meaning so then by using it, the listener or reader of the sentence would be more amused. For example is "wow...you look gorgeous in that dress". "Gorgeous" has a deeper meaning than "beautiful".

2). Litotes

According to Richard E. Mezo (1999), litotes is an understatement of the literal-an exaggeration. ($\underline{s} < \underline{x}$). The example is "thank you so much for supporting me all this time. Without all of you, I am nothing". The phrase of "I am nothing" is a kind of litotes in that sentence. The speaker

tries to humble himself as if he or she were nothing without his or her supporters.

B. The Nature of Song Lyrics

Generally, music consists of two elements, sounds as the primary and lyrics as the secondary (Dallin 1994).²³ A song is music that contains lyrics so that it can be sung. The suitability of the song with its tone, rhythm and melody creates a beautiful harmony to hear. Not only is it beautiful to hear, but in a song there is a message that an author or singer wants to convey to his listeners. Song writers convey their messages to the listeners through song lyrics. The message contained in a song lyric can be delivered depending on how the writer put the words in the lyrics (Bertoli-Dutra and Bissaco, 2006: 1053).²⁴

C. The Nature of Values

In human life, values are important and they cannot be separated from them. The existence of value makes humans to consider which choices make them better or less good. So that someone will think about the impact or consequences of these choices. Will it lead to better things or even less good thing. Mattulada (1995:154) states that values are qualities or special things, useful and desirable or at least wanted by humans.²⁵

6. Love who you are

Lyrics	Si	Me	P	My	Sy	H	L
6am when he wakes up							
He wipes the sleep from his eyes							
Another day at school again							
Weighing heavy upon his mind							
Standing tall, trying to keep it cool							
Saying "yes" to everything							

He's lost in doubt, all he cares about							
Is to find a way of fitting in							
Don't ever forget to love							
Keep loving who you are							
Don't ever forget you shine							
Shining like a star	√						
There's something so perfect							
Courage in everyone							
So don't ever let yourself stop							
Loving who you are							
She stood by her mirror							
She's wondering how to fix her scarf							
Filled up with a fear of							
People staring from afar							
At the way she talks, just how she walks							
It's tearing up her self-esteem			√				
She's lost in doubt, all she cares about							
Is to find a way of fitting in							
Don't ever forget to love

Courage in everyone							
So don't ever let yourself stop

You are always beautiful							
No matter, you							
You are incredible

Lyrics	Si	Me	P	My	Sy	H	L
Oh, you came into this life							
Brought up as an orphan child							
Through a time of deep despair, O Muhammad!							
Your days at work began							
As a fair and honest man							
You showed just how much you cared							
And one night in that cave							
When the Archangel came							
And your life in this world							
Would never be the same							
Rasool'Allah habib'Allah							
Your light is always showing me the way			√

You brighten up my day						√	
And in my heart you'll stay							
With every breath I take							
I'll never leave your way							
Eyes that could light up any soul			√				
You became the Chosen One							

To proclaim the word of God, O Muhammad!							
In the brightness of the sun							
Or the stillness of the night							
You would never ever stop							
Being kind, giving hope							
And serenity and love							
To a divided world							
That didn't have enough							
Rasool 'Allah habib 'Allah							
Your light is always showing me the way

10. **Wirth it**

Lyrics	Si	Me	P	My	Sy	H	L
It's way too late, but I'm still wide-awake							
'Cause I can't sleep yet, I can't sleep yet							
Got a thousand words							
That won't stop running circles							
Around in my head, around in my head							
Sometimes I feel just like these days and nights will never end							
But will I ever get this chance again?							
So I pray, yes I pray							

'Cause I know the life I want							
I When it's hard I keep working							
I'll never give this up							
Because I know it's worth it in the end							
I know it's worth, worth, worth							
Worth it in the end							
Because I know it's worth it in the end							
Save me from myself							
I know it's worth, worth, worth							
Worth it in the end							
Yeah I know sometimes I should relax my mind							
And take it easy,							
take it easy If I fight my way through every single page							
Then I'm a winner, I'm not a quitter, no!							
Sometimes I feel just like these days and nights will never end							
But will I ever get this chance again?							
So I pray, yes I pray							
'Cause I know the life I want							
When it's hard I keep working							
I'll never give this up							
Because I know it's worth it in the end							
I know it's worth, worth, worth							

Worth it in the end							
Because I know it's worth it in the end							
I know it's worth, worth, worth							
Worth it in the end							
It's way too late, but I'm still wide-awake							
'Cause I can't sleep yet,							
I can't sleep yet							
My father said to me							
Plant one seed and you can grow a tree							
That tree will grow in your field of dreams			√				
If you just believe then one day you'll see, yeah!							
When I'm on the case I know it's worth it							
I'm on the path now I'm running like a circuit	√						
Got my dreams in sight and I'm ready for the fight							
Now it's time to put all of the work in, yeah!							
One chance, one shot, no I won't give up							
All my faith in God that will keep me strong							
As I'm sitting here thinking about this world that we're living in							
Some wasting all their time							
When others aim for the sky I sacrifice some time for my success							
I know it's worth it in the end							
Because I know it's worth it in the end							
I know it's worth, worth, worth							
Worth it in the end							
Because I know it's worth it in the end							

I Know it's worth, worth, worth

In this sub-chapter, the author presents the values found in Haris Jung’s “Salam” Album. Broadly speaking, this album has a moral message about peace, love and struggle. More details, the author discusses the moral value of each song as follows.

1. The Values Found in Assalamualaikum

Islam teaches us to be humble people. One example is to say "salam" when we meet. In this way, Islam is a warm and sympathetic religion. “Assalaamuailaikum” itself has a good meaning and contains prayer. The meaning of “Assalaamualaikum” is “safety over you”. In closing, this song aims to introduce that Islam is peace-loving.

2. The Values Found in Eid Mubarak feat. Shujad Ali Khan

This Eid Mubarak song tells about the joy of Eid. Eid Mubarak is a holiday for Muslims. On that day they apologized to each other and stayed in touch with their relatives. On that same day, they rejoiced in celebrating their victory day after fasting for a whole month. This shows how warm Islam is. This is the true kindness that must always be maintained.

3. The Values Found in Good Life

This song contains great values. It is to always be grateful for everything that Allah has given us. We must be grateful and always think positively no matter what the situation.

4. The Values Found in I Promise

This song tells about the gratitude of a child to both parents for all the love they have given. This gratitude is shown by promising to be there when they call him. Therefore we must always obey the orders of our two parents as long as it is good because there is no way we can repay the services and sacrifices of both.

5. The Values Found in Let Me Breathe

Let Me Breathe is one of Harris J's songs on the album 'Salam'. This song tells about the outpouring of a child's heart to his parents. In this case, as a child, it is as if he is talking to his parents that he needs more space to live in his own life, wants to be himself and also make his own decisions. However, he also did not want to lose his parents' trust, because that was what he was actually limiting.

In the lyrics of this song he also convinced his parents that their position (parents) would not be replaced. He only needs freedom in positive things. So the point is, "Let me live my adolescence with my decisions. But, don't leave me because I need you - parents. Walk behind me, support me if I'm right, and correct me if I'm wrong".

6. The Values Found in Love Who You Are

This song tells the story of a student who feels inferior when facing new people. He didn't know how to control his emotions. He always feels insecure in doing everything. The lyrics of this song advise everyone who feels insecure, there is no need to be ashamed or even hesitant in doing everything. Everyone has the power to be himself. The key is to love him and to express things just the way he is.

7. The Values Found in My Hero

In this song, it is as if the singer is talking to our prophet Muhammad. He expressed pride in the prophet for every effort he made to fight the darkness. the singer called him her hero. As a follower, the singer promises to always keep his love and education deep in his heart.

From the lyrics of this song, as Muslims we should be grateful for His guidance towards a good path. Muhammad is our hero. We should be proud of him and follow all his teachings and directions to reach the better future in hereafter.

8. The Values Found in Paradise feat. Jae Deen

This song tells the story of a person who has a big dream to live in heaven. He also invites his listeners to dream about this. He is willing to do all the requirements to be able to achieve it even though it is not easy. In fact, he is willing to abandon the temporary pleasures of this world for the real and eternal life of the hereafter.

As Muslims, we know that the real life is the afterlife. Living in this world, we are given the opportunity to find as much provision as possible by following the instructions that have been taught by our apostle Muhammad SAW. Therefore, let us make the best of this opportunity so that we can achieve our big dream to live in heaven someday.

9. The Values Found in Rasool Allah

Prophet Muhammad SAW is the last messenger who was ruled by Allah who was sent in this world. he was sent to perfect noble morals and become a role model for all people. As a Muslim we deserve to follow his teachings and examples. If we imitate him we certainly will not regret it in the future.

10. The Values Found in Worth It

The lyrics of this song remind us to keep fighting for what we dream. The struggle will not produce regrets. In our struggle, we must also involve God by continuing to pray so that what we do will be a blessing and worthy.

11. The Values Found in The One

Allah is our Lord. He is with us every step of the way. Life without Allah's side is like a bird without wings. We must involve God in everything in our lives. By involving Him, our life will be blessed and our hearts will be comfortable under its protection.

12. The Values Found in You are My Life

In the lyrics of this song it is explained that Allah is The owner of everything. He is in control of this life. We all belong to Him and to Him alone we are returned. On that day all we need is his love. Therefore, let us not give up to continue doing what He wants us to do so that we can always get His love that we need in this world and the hereafter.

Haris J's Song lyrics in the album "Salam"

1. Assalamualaikum

You can try and turn off the sun
 I'm still going to shine away, yeah
 And tell everyone
 We're having some fun today
 We can go wherever you want to
 And do whatever you like
 Let's just have a real good time
 Assalamu Alaikum, Alaikum yeah!
 (Peace be upon you)

I just want to spread love and peace
 And all of my happiness, yeah
 To everyone I that meet
 'Cause I'm feeling spectacular
 I love it when we love one another
 Give thanks everyday
 For this life, living with a smile on our face
 Assalamu Alaikum, Alaikum yeah!
 (Peace be upon you)

Spread peace on the earth
 Cherish the love, that is around us
 Spread peace on the earth
 Treasure the love, let it surround us
 Always be kind, always remind one another
 Peace on the earth everyday
 Assalamu Alaikum, Alaikum yeah!
 (Peace be upon you)
 Assalamu Alaikum, hey!
 Assalamu Alaikum, hey!
 Assalamu Alaikum
 Wa Alaikum Assalam

Spread peace on the earth
 Cherish the love, that is around us
 Spread peace on the earth every day

3. Good Life

Good life, good life
 Allah I want to thank You for the good life

I want to wake up in the morning with the sun
 Wear a smile, go out and have some fun
 Going to take away the worries on my mind, oh
 Put them to one side

'Cause everyday is like a brand new story
 With unwritten lines
 And no matter the weather
 It's going, going to be alright

I know my life ain't perfect
 But I don't have to worry
 'Cause I've got all that I need
 Right here in my, in my life
 I know my life ain't perfect
 But I like the way it's going
 'Cause I've got all that I need
 Right here in my, in my life

Thank You for the good life, good life
 Allah I want to thank You for the good life
 I leave it all in Your hands, oh
 Thank You for the good life, good life
 Allah I want to thank You for the good life

Hey, listen!
 There are things in life that money just can't buy
 Happiness and love don't have a price
 All good people that surround me everyday, oh
 I just appreciate

I love living in a brand new story
 With unwritten lines
 And no matter the weather
 It's going, going to be alright

I know my life ain't perfect
 But I don't have to worry
 'Cause I've got all that I need
 Right here in my, in my life
 I know my life ain't perfect
 But I like the way it's going
 'Cause I've got all that I need

Right here in my, in my life

Thank You for the good life, good life
 Allah I want to thank You for the good life
 I leave it all in Your hands, oh
 Thank You for the good life, good life
 Allah I want to thank You for the good life

It's about being thankful and trying to understand
 That the more I learn I want to leave it all in Your hands
 'Cause I know You'll always take good of care of me
 You've given me a good life, a good life each day

Good life, good life
 Allah I want to thank You for the good life
 Yes I want to thank You O Allah!
 Thank You for the good life, good life
 Allah I want to thank You for the good life
 I leave it all in Your hands

I know my life ain't perfect
 But I don't have to worry
 'Cause I've got all that I need
 Right here in my, in my life
 I know my life ain't perfect
 But I like the way it's going
 'Cause I've got all that I need
 Right here in my, in my life

Thank You for the good life, good life
 Allah I want to thank You for the good life
 I leave it all in Your hands, oh
 Thank You for the good life, good life
 Allah I want to thank You for the good life
 I leave it all in Your hands, oh
 Thank You for the good life, good life
 Allah I want to thank You for the good life

4. I Promise

I promise anytime you call me
 It dont matter where I am
 I ll always be there, like you've been there
 If you need me closer, I ll be right ova
 I swear, I swear

Every time that I need you by my side
 Every time I lose my way in life
 You re my circle of life, compass and guide
 There behind me

And one day when the tables finally turn
 And it's me you're depending on
 I'll put you first, hold you close
 Like you taught me
 Know that I'll be there for you, for you

I promise anytime you call me
 It don't matter where I am
 I'll always be there, like you've been there
 If you need me closer, I'll be right ova
 I swear, I swear
 I promise anytime you call me
 It don't matter where I am
 I'll always care for you, go anywhere for you
 If you need me closer, I'll be right ova
 I swear, ooh

There are days when I just don't want to talk
 And ur feelings hit a wall
 But that won't change
 The love you've raised inside this family
 Everything that I do is to make you proud
 I just want to say it, and say it loud
 You're my heat when I'm cold
 The place I call home, and always will be
 Know that I'll be there for you, for you

Having someone to go to
 Having someone to love
 Having both is a blessing
 That was sent from above
 Oh, I know that wherever I'll go
 You'll be forever in my heart

5. Let Me Breathe

I know you've walked in my shoes
 And get just what I'm feeling
 I know you've brought me up
 To always do the right thing
 You don't need to solve all of my problems
 I can try
 Let me feel naïve, let me feel alive

I just need a little more space
 To live my life
 And make my own decisions
 Looking through my eyes, oh
 I'm not trying to break your trust
 It's all I need

But I'm growing up now, so let me breathe

I can make the right choices
 'Cause of all you taught me
 And you know that I'm always going to call
 If I say I will
 You don't need to stay up and worry
 I'll be alright
 Let me feel naïve, let me paint the sky

I just need a little more space
 To live my life
 And make my own decisions
 Looking through my eyes, oh
 I'm not trying to break your trust
 It's all I need
 But I'm growing up now, so let me breathe

You have been my safety
 My protector from the start
 There's no way, no one
 Could try replacing you in my heart
 'Cause you've been there for me
 You've always cared for me
 And I will never let you down

I just need a little more space
 To live my life
 And make my own decisions
 Looking through my eyes, oh
 I'm not trying to break your trust
 It's all I need
 But I'm growing up now, so let me breathe

I just need a little more space
 To live my life
 And make my own decisions
 Looking through my eyes, oh
 I'm not trying to break your trust
 It's all I need
 But I'm growing up now, so let me breathe

6. Love Who You are

6am when he wakes up
 He wipes the sleep from his eyes
 Another day at school again
 Weighing heavy upon his mind
 Standing tall, trying to keep it cool

Saying "yes" to everything
He's lost in doubt, all he cares about
Is to find a way of fitting in

Don't ever forget to love
Keep loving who you are
Don't ever forget you shine
Shining like a star
There's something so perfect
Courage in everyone
So don't ever let yourself stop
Loving who you are

She stood by her mirror
She's wondering how to fix her scarf
Filled up with a fear of
People staring from afar
At the way she talks, just how she walks
It's tearing up her self-esteem
She's lost in doubt, all she cares about
Is to find a way of fitting in

Don't ever forget to love
Keep loving who you are
Don't ever forget you shine
Shining like a star
There's something so perfect
Courage in everyone
So don't ever let yourself stop
Loving who you are

No matter, ooh
You are always beautiful
No matter, you
You are incredible

Don't ever forget to love
Keep loving who you are
Don't ever forget you shine
Shining like a star
There's something so perfect
Courage in everyone
So don't ever let yourself stop
Loving who you are

Don't ever forget to love
Keep loving who you are

7. My Hero

You were always unselfish and sacrificed
 Everything you risked to change life
 Even when there was darkness
 You broke the shackles and brought light
 You called everyone to believe in Allah
 O Muhammad! You are my

You are my hero, you are my hero
 You are my hero, always my hero
 It's the way that you smiled with serenity
 And how you forgave all your enemies
 I will always hold your love
 And all your teachings in my heart
 You called everyone to believe in Allah
 O Muhammad! You are my

You are my hero, you are my hero
 You are my hero, always my hero
 You are my hero, you are my hero
 You are my hero, always my hero

You are my hero and I'll keep you safe in my heart
 You are my hero till the end and from the very start
 You are my hero and you'll always be the best part
 Of every single day, I will follow you

You are my hero and I'll keep you safe in my heart
 You are my hero till the end and from the very start
 You are my hero and you'll always be the best part
 Of every single day, I will follow you

hero, you are my hero
 hero, always my hero
 You are my, you are my hero, you are my hero
 You are my hero, always my hero
 You are my hero, you are my hero
 You are my hero, always my hero

You are my hero
 You are my hero, always my hero

8. Paradise feat. Jae Deen

Got a dream in my life, yeah!
 I pray that it will happen
 Devote all my time, yeah!
 More than you could ever know
 Ooh, I do it all with a smile, yeah!

Ooh, I'd go a million miles yeah!

In this world I dedicate my life to just dream about it
 In this world I'll never be afraid to dream big about it
 Come on let's dream big about it
 Dream big about it
 Dream big about it
 Dream big about it

If I dare to fly higher
 Then I could touch the sky
 It's a really tough climb, yeah!
 But I'm aiming for the next life
 Ooh, I do it all with a smile, yeah!
 Ooh, I'd go a million miles yeah!

In this world I dedicate my life to just dream about it
 In this world I'll never be afraid to dream big about it
 Come on let's dream big about it
 Dream big about it
 Dream big about it
 Dream big about it

Jae Deen, Harris J
 Yo, I'm dreaming big about it
 So many days and counting
 I got a blessing in my life, I couldn't live without it
 So that means that I'm never doubting
 No I'm never doubting, no!
 And that's everyday
 Jae Deen on this track, I've got Harris J
 It's your biggest dream that means you've got to strive
 I know you want it so bad just make du'a
 Yeah, you want Paradise
 'Cause everything ain't about this worldly life
 You won't party or go club at night
 Won't do bad things, no no 'cause that ain't your type
 Here's what you do
 You've got to work hard 'cause it's coming soon
 So let me tell you one thing that will help you through
 Just know that

Paradise will come true
 Taking one day at a time
 I know it's not easy to do
 It's what I want most from this life

In this world I dedicate my life to just dream about it
 In this world I'll never be afraid to dream big about it
 In this world I dedicate my life to just dream about it
 In this world I'll never be afraid to dream big about it
 Come on let's dream big about it

Dream big about it
 Dream big about it
 Dream big about it

9. Rasool Allah

Oh, you came into this life
 Brought up as an orphan child
 Through a time of deep despair, O Muhammad!
 Your days at work began
 As a fair and honest man
 You showed just how much you cared

And one night in that cave
 When the Archangel came
 And your life in this world
 Would never be the same

Rasool'Allah habib'Allah
 Your light is always showing me the way
 Rasool'Allah habib'Allah
 I'm longing for the day I see your face

You brighten up my day
 And in my heart you'll stay
 With every breath I take
 I'll never leave your way

Eyes that could light up any soul
 You became the Chosen One
 To proclaim the word of God, O Muhammad!
 In the brightness of the sun
 Or the stillness of the night
 You would never ever stop

Being kind, giving hope
 And serenity and love
 To a divided world
 That didn't have enough

Rasool'Allah habib'Allah
 Your light is always showing me the way
 Rasool'Allah habib'Allah
 I'm longing for the day I see your face

You brighten up my day
 And in my heart you'll stay

With every breath I take
I'll never leave your way

Rasool'Allah habib'Allah
Peace be upon you
Rasool'Allah habib'Allah
I really love you
Rasool'Allah habib'Allah
Peace be upon you
Rasool'Allah habib'Allah

Rasool'Allah habib'Allah
Your light is always showing me the way
Rasool'Allah habib'Allah
I'm longing for the day I see your face
Rasool'Allah habib'Allah
Your light is always showing me the way
Rasool'Allah habib'Allah
I'm longing for the day I see your face

You brighten up my day
And in my heart you'll stay
With every breath I take
O Muhammad I will never leave your way

10. Worth It feat. Saif Adam

It's way too late, but I'm still wide-awake
'Cause I can't sleep yet, I can't sleep yet
Got a thousand words
That won't stop running circles
Around in my head, around in my head

Sometimes I feel just like these days and nights will never end
But will I ever get this chance again?

So I pray, yes I pray
'Cause I know the life I want
When it's hard I keep working
I'll never give this up
Because I know it's worth it in the end
I know it's worth, worth, worth
Worth it in the end
Because I know it's worth it in the end
I know it's worth, worth, worth
Worth it in the end

Yeah I know sometimes I should relax my mind
And take it easy, take it easy
If I fight my way through every single page

Then I'm a winner, I'm not a quitter, no!

Sometimes I feel just like these days and nights will never end
But will I ever get this chance again?

So I pray, yes I pray
'Cause I know the life I want
When it's hard I keep working
I'll never give this up
Because I know it's worth it in the end
I know it's worth, worth, worth
Worth it in the end
Because I know it's worth it in the end
I know it's worth, worth, worth
Worth it in the end

It's way too late, but I'm still wide-awake
'Cause I can't sleep yet, I can't sleep yet

My father said to me
Plant one seed and you can grow a tree
That tree will grow in your field of dreams
If you just believe then one day you'll see, yeah!
When I'm on the case I know it's worth it
I'm on the path now I'm running like a circuit
Got my dreams in sight and I'm ready for the fight
Now it's time to put all of the work in, yeah!
One chance, one shot, no I won't give up
All my faith in God that will keep me strong
As I'm sitting here thinking about this world that we're living in
Some wasting all their time
When others aim for the sky
I sacrifice some time for my success
I know it's worth it in the end

Because I know it's worth it in the end
I know it's worth, worth, worth
Worth it in the end
Because I know it's worth it in the end
I know it's worth, worth, worth
I know it's worth it in the end

11. The One

When I learnt for the first time
I know my heart wasn't prepared
For just how much You'd mean to me
But Allah, how I know now
That a life without You there

Is like a bird without its wings

You are The One in my life
 Always right there beside me
 I'm so blessed
 You're The One in my life
 Always right there to guide me
 Giving me strength
 You're The One
 Oh, oh, oh, oh

I'm not saying I'm perfect
 I haven't read all the pages
 But I know that You're The One
 It's the way that You turn mess
 Into a beautiful message
 It's You I place my trust upon

You are The One in my life
 Always right there beside me
 I'm so blessed
 You're The One in my life
 Always right there to guide me
 Giving me strength
 You're The One
 Oh, oh, oh, oh

Forever I won't be afraid
 With You right here I'll be OK
 'Cause everything about You is the truth
 Whenever I call out Your Name
 Lift up my hands, bow down to pray
 I feel so good, it's all because of You

You are The One in my life
 Always right there beside me
 I'm so blessed
 You're The One in my life
 Always right there to guide me
 I'm so blessed
 You are The One in my life
 Always right there beside me
 I'm so blessed

You're The One in my life
 Always right there to guide me
 Giving me strength
 You're The One
 Oh, oh, oh, oh

12. You are My Life

O Allah!
 You're the light that Shines above
 You're the reason I never give up
 You're The One I try for, live my life for
 Give up all I have
 You're the melody, You're the key
 All the inspiration I need
 And when times get tough
 I know you'll stand by me

You are the love I need
 The One who is guiding me
 And You know my destiny
 For You are The Light

And You are My Life
 Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Ohhh

O Allah!
 Your words light up my heart
 This connection I felt from the start
 Never lose fight of my dreams
 Without you where would I be?
 And although I feel like I'm a million miles away from home
 I can lose all that I have when I feel the pain
 I know that I can count on You
 You are the love I need

The One who is guiding me
 And You know my destiny
 For You are The Light
 And You are My Life

Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Ohhh
 And You are My Life

Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Ohhh
 And You are My life

When I reach the final chapter
 I know it's only You that matters, Oh
 So I give it my all
 'Cause I'll stand alone that day

You are the love I need

The One who is guiding me
 And You know my destiny
 For You are The Light
 And You are My Life

Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Ohhh
 And You are My Life

Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Ohhh
 And You are My Life

Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Ohhh
 And You are My Life
 Oh Oh Oh Oh Oh Oh Oh Oh
 Oh Oh Oh Oh Oh Oh Oh Oh
